Few things in life are more truly satisfying than time spent with food and friends in the glow of a warm fire.

Fire Pie ovens allow for the recreation of these priceless experiences whenever the mood may strike through the ease and functionality of our hand-crafted wood-fired ovens.

Available in a tantalizing array of colors, textures and styles, **Fire Pie** ovens are innovative in their design/construction and reliable in their cooking consistency and performance —

assuring you a memorable food preparation experience every time you get the embers burning.

Life is short and the hearth awaits, so why not bring the magic and charm of the wood-fired cooking experience home with you today?

A custom **Fire Pie** oven is waiting to grace your home as it brings life and special personal meaning to our simple company motto: **Food | Fire | Friends**

UNLIMITED FINISHES

Your customized **Fire Pie** oven can incorporate any stone, brick, metal or outdoor veneer imaginable. Materials that match your existing home or patio are a natural choice, but it's fun to consider all the complementary possibilities that could enhance the look and feel of your **Fire Pie** cooking environment. **Fire Pie** designers and engineers have assembled a wide variety of standard stone and brick options to choose from — but are also happy to help you create a totally customized oven design solution that includes specialty materials specific to your unique oven application and environment.

Natural Stone

Round Stone

Tile

Brick

ANY COLOR UNDER THE SUN

Fire Pie ovens can be colorized to match an almost unlimited color palette. In fact, any color formula included in the Sherwin Williams paint line can be matched and incorporated into the textured materials used to create the oven of your choice.

ENJOY THE PROCESS OF CREATING YOUR OWN OVEN

Fire Pie ovens are completely customizable, and offer you an almost endless variety of oven styles and configurations. Enjoy the pleasure of bringing your oven to life using the specific textures, colors and natural materials that will best enhance and coordinate with the space where it will warm your home.

The customizing process consists of three very easy steps:

1. Choose one of our three basic oven sizes along with the oven style that you find most appealing.
2. Choose the type of oven base and oven base material that best suits your particular oven application.
3. Select your favorite oven options and from the wide variety of custom-designed enhancements offered by **Fire Pie**, including oven doors, oven wheels and specialty chimney accessories.

FROM RAW OVEN TO FINISHED MASTERPIECE...

WE CUSTOM BUILD

TO SUIT YOUR LIVING SPACE.

JUST FOLLOW THESE EASY STEPS

STEP 1:

Choose your oven size and style

STEP 2:

Choose your oven base and material

STEP 3:

Select accessories and you're finished!
